

### Culminating Project: Important Dates

For seniors presenting their culminating project for the spring semester beginning at the end of May, tomorrow is an important date to remember! A reminder should have been handed out to you yesterday during fifth period. Tomorrow at 12:05 P.M. a meeting will be held in Peter's room for seniors to present their proposal for one to two minutes and answer any questions your peers may have about your project.

*“If you do not attend the meeting and have not turned in your signature sheet, proposal and contract by that date [Wednesday, February 15, 2017] we will assume that you are not intending to present in May and will put you on the list for presenting during the next school year.”*

Seniors must have a typed up culminating project proposal (the template in the Henderson Bay High School Culminating Project 2016-2017 folder was easiest for me to use!) have their signature sheet signed by themselves, their mentor, parent or guardian **and** their core teacher. The contract form can be given to you from Peter if you don't have it already the form.
