

Spring Family Night

On March 14th, 2017, Henderson is doing a spring family night to showcase the school as well as the students. A special thanks to Robin Malich, who will be providing the dinner for the night. The dinner is free of cost. It's going to be a pretty laid back night, with pizza, salad and cookies. There will also be door prizes and a photo booth. Everything will be decorated nicely and the night will be extremely fun. Austin Johnson will be presenting and interact club will have a table selling See's Candies. There will be samples of previous culminating projects for parents to see. Also, parents will be able to walk around if they want to, to see what their kids are working on and doing in school. The dinner will start at 6:00 and at 6:30 the program will start and go until 7:30. Please stop by on March 14th! It's going to be fun! :)
