

Valentine's Day Luncheon and Celebration

On Tuesday, February 14, 2017 Henderson Bay attended a luncheon at the Boy's and Girl's Club down the road from our school hosted by the Harbor Christian Center (HCC.) During leadership on Monday, our class teamed up with Tate's ceramic class to create and design twelve red, white and pink centerpieces that were on the tables at the luncheon. The leadership class were responsible for making six centerpieces and Tate's fourth period art class created and designed the other six centerpieces. Justin designed the roses using sharpie on each of the twelve centerpieces. The day of Valentine's Day on Tuesday, the leadership class walked over to the Boy's and Girl's Club to set up the centerpieces and help decorate. ~Bre
