

It is now officially the **end of the school year** and we just went on **our final field trip to the Woodland Park Zoo**. Twenty four students went. It was a great time visiting the zoo again. Since there wasn't much time I didn't get to see all of the animals this time around, but everyone went off in their groups and, from what I heard, they all had a good time.

The zoo is a great place for everyone to hang out and that is what we did. Got to see beautiful animals, learn more about them and again, just have fun with our friends before summer break, or before seniors are off into the real world.

It is sad that this is now the end of a school year, and the last field trip of this year. And a short good luck for all of the seniors who are graduating and heading off into the world and beyond. And see you next year for those who will be here.

Have a great summer everyone! ~Jai
